Did you know...

That 85% of crashes, by 16- and 17-year-olds, are due to “Driver Error,” not speed, not drugs, not alcohol? They simply are not taught what to do in an emergency. Does your teen know what to do when s/he drops two wheels off the side of the road? Do you know the truth about rollovers and how to avoid them? These are a few of the things you’ll learn at a New Driver Car Control Clinic at **Kell High School – April 2008.**

Now, there is something you can do to make your teen driver a safer driver. The New Driver Car Control Clinic is a behind-the-wheel program that teaches parents and their teens what to do when their car enters the ‘emergency zone.’ The Florida Department of Highway Safety tracked Clinic graduates’ driving records over four years and confirmed that our students have 77% fewer crashes than their peers.

**Classroom Thursday, April 24th, 2008
with Driving Saturday, April 26th or Sunday, April 27th.**

**Register Online at www.CarControl.com or Call 800-862-3277
Students need a Learner’s Permit or better**

**\$169 per Parent/Student Team Parent required at both sessions
*Limited Availability – First come, first served***

I wanted to take a minute to express my appreciation to you for providing my daughter with invaluable, hands-on "car control" experience. I feel totally confident now that she can handle a quick stop and hard turns - how do I know she can? I was in the car with her when she learned!! What an awesome experience! I really had no idea after Thursday's class if I was going to be able to be in the car on Saturday as it went from being "floored" to being "slammed on the brakes", but your confidence building humor, extensive knowledge of cars and the structure of the class gave me the courage to do it. I can not believe that my daughter got her license without this class! More importantly, I can't believe I've been driving for 25 years without this class!! You are awesome and I will be forever thankful to you if there is ever a need to use the techniques you taught us. I hope that Kell continues to offer this class, and I will definitely recommend it to everyone I can. Thank you again, and see you in the safe lane!!

Karen Beaham, mother of Xhuncu
